

MIRMQC 2024

# INTRACELLULAR QUALITY AND METABOLIC CONTROL FROM E. COLI TO HOMO SAPIENS

27-29 August 2024

MIRM, MAHE Bangalore

## About the conference:

This International Conference will highlight the evolution of the quality and metabolic control fields across multiple species and will provide an overall 360-degree view of the unique fundamental molecular and patho-physiological angles that will broaden the chance of promising therapeutic aiming of diseases with deregulated quality and metabolic control.
