PRE-CONFERENCE WORKSHOP

DAY 1: 29TH MAY 2026

MEET THE RESOURCE PERSON

Dr. Mohammad Shahnawaz
HOD of Training
i-fix Implant

Dr. Mohammad Shahnawaz graduated in 2009 from MCODES, Mangalore, and began his career in private practice across the Delhi NCR region.

In 2016, he joined Nobel Biocare as a Training & Education Manager, contributing significantly to clinical training and professional development programs. Following his tenure with Dio Implants, he is currently serving as the Head of Training at i-Fix Implants.

In his current role, he actively collaborates with the production team to provide valuable clinical insights for product development and leads a wide range of training and educational initiatives both within the organization and across external clinical platforms and professional forums.

WORKSHOP

DAY 1: 29TH MAY 2026

WORKSHOP DETAILS

TITLE: Basic Dental Implantology – Hands-on Workshop

ABOUT THE WORKSHOP :

This intensive hands-on workshop is designed for clinicians and beginners looking to enter the field of implant dentistry. The program focuses on simplifying implant concepts and providing practical training in surgical protocols. Participants will be introduced to implant instrumentation, osteotomy preparation, and implant placement on models under expert guidance, along with an overview of prosthetic considerations.

OBJECTIVES: By the end of workshop participants will be able to :

- Understand the fundamentals of dental implantology
- Perform basic case selection and treatment planning
- Gain knowledge of step-by-step implant placement protocol
- Develop confidence in initiating implant practice

NO. OF PARTICIPANTS : 15- 20 Participants

TARGET AUDIENCE : Final Year Students & Interns

VENUE: Pre-Clinical Prosthodontics Lab, Manipal College of Dental Sciences, LHH Road, Mangalore
