PRECONFERENCE WORKSHOP

DAY 1: 29TH MAY 2026

MEET THE RESOURCE PERSONS

Dr. Prashant B
Senior Lecturer
Department of Prosthodontics
Manipal College Of Dental Sciences,
Mangalore

Dr. Prashant Bajantri is a dedicated Prosthodontist and academician currently serving as a Senior Lecturer since 2021. With a strong commitment to excellence in dental education and clinical practice, he specializes in the restoration and rehabilitation of oral function and aesthetics. Dr. Bajantri has contributed significantly to the field of Prosthodontics through multiple national and international publications in reputed journals. His research interests focus on advancing clinical techniques and improving patient outcomes in restorative dentistry.

As an enthusiastic educator and mentor, he is actively involved in guiding undergraduate students and fostering hands-on learning experiences. He is honored to serve as a resource person at the International Undergraduate Student Conference, where he is conducting a hands-on workshop, sharing his expertise and practical insights with aspiring dental professionals.

Dr. Vignesh Kamath
Associate Professor
Department of Prosthodontics
Manipal College Of Dental Sciences,
Mangalore

Dr. B. Vignesh Kamath is a dedicated prosthodontist, implantologist, and academician with significant experience in dental education, clinical training, and research. He currently serves as an Assistant Professor at Manipal College of Dental Sciences, Mangalore, where he is actively involved in undergraduate and postgraduate teaching, clinical mentoring, and academic research.

He completed his BDS from SDM College of Dental Sciences, Dharwad (2008–2013), and MDS in Prosthodontics and Crown & Bridge from A.B. Shetty Memorial Institute of Dental Sciences, Mangalore (2014–2017). He further enhanced his expertise with a Certificate Course in Oral Implantology in 2016.

Dr. Kamath began his academic career at Melaka Manipal Medical College (2017–2021) and has been serving at Manipal College of Dental Sciences, Mangalore since 2021. He has authored and co-authored around 35 publications in national and international peer-reviewed journals. His research interests include implant prosthodontics, digital dentistry, prosthetic rehabilitation, and interdisciplinary treatment approaches.

He actively participates in conferences and continuing dental education programs and is known for his systematic teaching approach, clinical precision, and commitment to evidence-based dentistry.

PRECONFERENCE WORKSHOP

DAY 1: 29TH MAY 2026

WORKSHOP DETAILS

TITLE: Clinical Protocol in Fixed Prosthodontics: Crown Preparation, Temporisation and Impression

ABOUT THE WORKSHOP :

A hands-on workshop on tooth preparation, impression and temporization is extremely valuable in undergraduate dental training - especially in prosthodontics because it bridges the gap between theory and real clinical performance.

OBJECTIVES: By the end of workshop participants will be able to :

1. Understand the biological, mechanical, and esthetic principles
2. Explain the step-by-step clinical procedure of crown preparation
3. Discuss the importance and functions of temporization (provisional restorations)
4. Explain different impression materials and techniques

NO. OF PARTICIPANTS: 15 Participants

TARGET AUDIENCE: Final years and Interns

REQUIREMENTS FOR THE WORKSHOP:

Airotor, crown cutting burs, mackintosh sheet

VENUE: Pre-Clinical Conservative Lab,
Manipal College of Dental Sciences, Lighthouse Hill Road,
Mangalore
