Advances in Mitochondrial Medicine and Translational Research

8th Annual Meeting of the Society for Mitochondria
Research and Medicine-India (SMRM) -2020

6-7 November 2020

About the Meeting

Society for Mitochondria Research and Medicine (SMRM), India, has been bringing researchers and clinical practitioners together for the past 10 years on a single platform to share their expertise and research findings. This two-day virtual international meeting is being organized by the Manipal School of Life Sciences, Manipal Academy of Higher Education, Manipal, India, in association with SMRM-India. The meeting aims to highlight the recent advances and future perspectives through specific sessions by experts in the field that represent comprehensive clinical and fundamental research interests in the areas of mitochondrial genetics and genomics of human diseases.

Topics covered

Mitochondrial Genetics and Human Disorders

Mitochondrial Metabolism

Mitochondrial DNA repair

Mitochondrial Medicine and Translation
